FREEDOM SIP

An opportunity which can give regular money and help you to achieve your financial goals.

Freedom SIP is a combination of SIP and SWP to help investors achieve their financial goals. This goal planning facility can initially help investors create wealth systematically (SIP) and later give regular money through Systematic Withdrawal Plan (SWP).

Investors have the freedom to choose the SIP and SWP schemes, the SIP tenure and choose the desired SWP amount under this facility. It can help investors achieve their dreams in a systematic way and make their future stress-free.

Freedom SIP (the Facility) including the default monthly SWP payouts do not guarantee, assure, promise or indicate fixed returns/performance of any schemes of the AMC and only indicates the likely amount that can be withdrawn.

Why Do You Need Financial Freedom?

How is works?

This facility encourages investors to invest regularly in a disciplined manner through Systematic Investment Planning (SIP) and lets them enjoy the benefits of regular money via Systematic Withdrawal Plan (SWP) post completion of SIP period.

Freedom SIP enables investors to initially invest through SIP in a scheme ("Source Scheme") for a pre-defined tenure. Investors can choose from the given SIP tenures which could be either 8 years, 10 years, 12 years, 15 years, 20 years, 25 years or 30 years.

Post completion of pre-defined tenure, the investments would be switched to another scheme ("Target Scheme") chosen by the Investor.

Investors have the freedom to choose their desired SWP amount. If they do not mention the SWP amount, they will receive the default SWP amount, which would vary based on the SIP amount and the SIP tenure selected by them.

Switch to the target scheme will be done only when the source and target schemes are different. In case the source and target scheme is same, switch will not take place.

Refer the illustration below for a SIP amount of Rs 10,000
